

## Principals Report – P&C Meeting

1. Brad 's position as Director for Campbelltown has been extended until the 5<sup>th</sup> December. The Principal's role will be split between Maree and myself. I will continue in the role until the 22<sup>nd</sup> November and Maree will move into the Principals role from the 23<sup>rd</sup> November until Brad returns. Jen Villanueva will continue in my DP position until my time finishes. Jady Walker will then replace Maree.
2. Re-introduction of roll call has gone out for consultation with parents in the newsletter and facebook closed groups. Sharon Murphy is running a focus group with the SRC tomorrow.
3. Year 7 Colour Run was a great success with students and staff really enjoying the day. A total of \$757.96 was raised through the fundraising of which the school will receive 60%. We also raised another (Kelly has the figure) through gold coin donation on the day. I think it might be something we could continue to do in the future.
4. The HSC has started well and students have been busy sitting exams. Junior exams will commence next week.
5. We will need to think about nominations for the P&C award – is there anything that has occurred this year that the P&C would like to suggest for nominations? Would you like me to open the nominations for staff to nominate?
6. The P&C traditionally have provided the cake for Year 12 graduation, are you happy to do this again?
7. Year 12 jackets – the cheque was sent last Friday so hopefully they will arrive soon
8. The senior area is progressing nicely with shade sail installed this week. Synthetic grass will be coming soon and hopefully we will then be able to have a launch of the area.
9.
  - a. Staffing 2019 – Marinda Barnes our HT Wellbeing has decided not to take up a second year option on the position and return to Macquarie Fields HS to teach seniors. Brad, Maree and I have decided that instead of replacing this RAM funded position that we would advertise for the position of a third deputy principal and we would have 2 year groups each. We would then take on the total responsibility for wellbeing for our year groups.
  - b. We have put into staffing for 1 permanent English teacher, 2 permanent Maths teachers, 1 permanent PDHPE teacher and 1 permanent HSIE teacher to start in 2019.
