

**Food and Digital
Technology**

**Project based
learning...**

**Mrs Maher
2019**

Driving question....
What is the relationship
between food; digital
technology and social
media connected?

Food and digital technology

What is it
about?

- Course fee is \$50
- Course requirements –apron and tea towel; closed in leather shoes
- Investigation skills –trying out techniques with cakes
- Folio record keeping
- Follow the design process
- Plan; organise; implement and evaluate.
- Solving problems using food and digital technology

Cakes can be?

French cakes;
lemon icing
and drip effect

Plain cake and different colours

Flavoured cakes

Layered cakes

Drip cakes

Cakes with cream and jam

Cakes are normally baked in an oven

Cakes;
biscuits and
cupcakes;
techniques...

Cupcakes and sport
Cupcakes and music
Cupcakes –swirls and curls of chocolate...

Cupcakes; colour and fruit

Chocolate
curls and
chards

The image features two cupcakes against a dark teal background. The cupcake on the left is partially obscured by a semi-transparent white circle. Both cupcakes have a light-colored cake base, a swirl of white frosting, and are topped with sliced bananas and caramelized onions. The cupcake on the right is in sharp focus, showing the texture of the frosting and the glistening onions.

Baking....

- Plain cakes made to look magnificent with how they are decorated

Cakes and
toffee

Biscuits and this course.....perfect!

- Great to practise skills on.
- Piping
- Royal icing
- flooding

Flooding...

How to do
flooding with
icing..

Social media....

- Many social media sites advertise food using digital technology –we will produce a food item –using the steps in the design process to document and record the experience using video editing tools
