

Student's Online

Students Online provides students in Year 10, 11 and 12 with useful information about senior school study, particularly on assessment, examinations and results, and how the HSC works. Year 10, 11 and 12 students in NSW are eligible for a *Students Online* account. The **email address students have provided to NESA through their Confirmation of Entry** along with the **NESA student number** are needed to activate the account.
