## Unstructured swimming activities

Unstructured swimming activities are free swimming activities supervised by teachers.

Prior to participation, all students nominated on this form by their parent/carer as being a swimmer will be required to participate in a pre-activity swimming assessment – The Water Survival Challenge.

### Water Survival Challenge

The Water Survival Challenge involves the following continuous progression:

1. Enter the water using a 'slide-in entry'.
2. Show a balanced walk of 5 metres in the shallow end of pool.
3. Swim 25 metres without stopping.
4. Keep themselves above water for one minute by floating, sculling and/or treading water in deep water.  
Students can switch between these skills.
5. Exit the water.

Students will receive a wristband based on their results from the Water Survival Challenge, the wristband indicates the aquatic activities they are able to participate in.

- A blue wristband allows participation in deep water, shallow water and land-based activities with water.
- A yellow wristband allows participation in shallow water and land-based water activities with water.
- No wristband allows participation in land-based activities with water.

### Do you give your child permission to participate in the unstructured swimming activities: \*

- No. I do not give permission for my child to participate in the unstructured swimming activities listed. I understand they will participate in land-based activities.
- Yes. I give permission for my child to participate in the unstructured swimming activities listed, I understand the Water Survival Challenge will determine the activities they are able to participate in.

### If yes, to assist with planning please tick which statement best describes your child's swimming ability:

- I don't know how well my child swims. I understand my child's swimming ability will be assessed in the Water Survival Challenge to determine which swimming or land-based activities are suitable for my child to participate in.
- Weak swimmer: My child can swim/paddle but is only comfortable in shallow water where they can stand.
- Average swimmer: My child can swim 25 metres without stopping and is comfortable in deep water where they cannot stand.
- A strong swimmer: My child can comfortably swim 50 metres in deep water in one stroke without stopping.

I acknowledge that:

- my child will participate in land-based activities if they are unsuccessful in demonstrating the components of the Water Survival Challenge, or if I have indicated with a response of "no" to their participation in the swimming activities listed above
- this event/activity is required to be held in accordance with any current NSW Health and NSW Department of Education's policies and procedures
- my child will be under the supervision of NSW Department of Education teaching staff for the duration of the activity

- I have read and understand the 'accident insurance information' and 'concussion management' statements
- to the best of my knowledge, my child has no medical condition or injury that places them at risk by participating in this sport activity.
